## OBJECTIVE

Full Stack Developer skilled in MERN and Spring Boot, passionate about building scalable web solutions. Eager to contribute to innovative teams and grow as a software engineer.

## TECHNICAL SKILLS

**Languages:** Java, C, C++, HTML, CSS, JavaScript, Python

**Database:** Oracle, MongoDB

**Technologies/Frameworks:** SpringBoot, React, NodeJS, Express, GitHub, Git

## EDUCATION

**Karpagam College of Engineering**

*B.Tech Information Technology - **CGPA - 8.3***

**2023 – 2027**

*Coimbatore, Tamil Nadu*

**Gook Luck Matric Hr Sec School**

*Higher Education - **Percentage - 84%***

**2022 – 2023**

*Srikandapuram, Tamil Nadu*

## PROJECTS [+5]

**Food Delivery** | [Live Demo](#) | [FULL Stack](#)

**APR 2025**

- Developed a dynamic food ordering website using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented features such as user authentication, food item listings, cart management, and order placement.
- Designed a responsive and intuitive frontend using React.js with modern UI/UX elements and mobile-friendly layouts.
- Built secure and scalable backend APIs using Express and MongoDB to handle user data, orders, and real-time updates.

**Weather Detector** | [Live Demo](#) | [FULL Stack](#)

**FEB 2025**

- Built a responsive Weather Detection web app using React and the OpenWeatherMap API.
- Implemented location-based weather fetching with real-time updates and dynamic UI rendering.
- Integrated 7-day weather forecast with daily temperature, conditions, and icon-based visual summaries.
- Prioritized clean user experience with intuitive search functionality, responsive design, and weather condition icons.

**Console-Debugger-Chrome-Extension** | [HTML](#), [CSS](#), [JavaScript](#), [Gemini API](#)

**JAN 2025**

- Built a Chrome Extension to debug JavaScript console errors through natural language queries.
- Integrated Google Gemini API to analyze console errors and deliver intelligent, real-time solutions to developers.
- Implemented chat history storage with options to export and delete sessions for better user control and management.
- Designed a clean and responsive popup interface for seamless interaction directly within the Chrome browser.

## COURSEWORK / SKILLS

- |                 |              |                |           |
|-----------------|--------------|----------------|-----------|
| • DSA           | • SpringBoot | • OOPS Concept | • Node js |
| • Microservices | • Database   | • React        | • Express |

## CERTIFICATIONS

- |              |              |         |          |       |        |
|--------------|--------------|---------|----------|-------|--------|
| • HTML & CSS | • Javascript | • React | • NodeJS | • SQL | • Java |
|--------------|--------------|---------|----------|-------|--------|

## PORTFOLIO

**Personal Portfolio**

**JUN 2025**

- Built with React and Tailwind showcasing all my projects and resume.
